IHOR LISNIAK

FRONTEND DEVELOPER

📞 +38 (099) 30 99 209 @ forestspirit@email.cz 🔗 https://webfsi.github.io/#PORTFOLIO

📍 UA/Vinnitsa
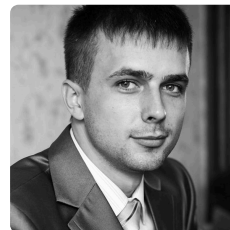

SUMMARY

With over 8 years of experience in web development, I've built more than 1000 projects of varying complexity — from landing pages to large-scale e-commerce platforms and corporate websites.
I hold a higher technical education. I create fast, efficient, and accurate interfaces — always sticking to the tasks and design requirements. I also have experience building projects with no or partial designs, following UI/UX rules to keep things clean and user-friendly.

It may sound a bit crazy, but I enjoy solving problems that seem impossible or don't have ready-made solutions online. That kind of challenge gives me real satisfaction.

I take care of everything that a frontend developer is responsible for — layout, styles, animations, responsiveness, structure, performance.

My key strengths: problem-solving, precision, consistency, user-focused thinking, aesthetic sense, and constant growth.

SKILLS

Animations	React	JavaScript	GSAP	Redux
TailwindCSS	SCSS	BEM	TypeScript	Git
GitLab	Next.js	Node.js	Webpack	Gulp
HTML5	Copilot	SVG	Pixel Perfect	
Mobile or Desktop first
